

We Are The Cremation Specialists

Operating Pine Grove Crematorium puts us in a class of our own

In 2007 Brookings-Smith built Pine Grove Crematorium and Remembrance Center in Bangor to meet the trend towards cremation in our communities today. We found that the families we serve have peace of mind knowing that our professional staff oversees the cremation process all the way through. It's just another way we guarantee that your loved one's care is always in reach. This workshop will identify and discuss everything you would like to know about cremation.

Cremation Workshop: *In this one-hour workshop, you will learn*

- Definition of cremation specific to the process
- Maine State Guidelines for cremation
- Rules pertaining to scattering or burial of cremated remains
- Memorialization – tribute – gatherings
- Funeral Home vs Direct Cremation provider comparison
- Pre-planning cremation services
- Crematory comparison – not all operate the same way
- Safeguards at Pine Grove Crematorium
